

# Concrete Fire Pit

Note: All measurements are approximate

54"

BEFORE

All quantities are estimated for a 48" outside diameter fire pit. Additional items needed include a 48" Sonotube®, 30" Sonotube® and forming lumber for the cap.

ALL FIRE PITS SHOULD BE LINED WITH FIRE BRICK, A FIRE RESISTANT RING, OR A FIRE RESISTANT COATING TO WITHSTAND HIGH TEMPERATURES.

## Products Needed for Cap

2 1/4" Cut Stone Form Liner  
Part No.: BST9100  
Quantity = 3

## Products Needed for Pit

2' Country Ledge Form Liner
